Sharkscope is a service that promptly and accurately tracks all tournaments of the major online poker rooms. The data is stored in a massive database of Sit and Go and MTT tournaments, offering access to the leaderboards for each poker room, limit and type of game, where you can compare your results with the best poker players. If you've just started playing, don't take it too personally in case your graphs are not very impressive. To improve your skills, use the software we offer for single-table tournaments. You'll be very excited to see your graph climbing higher and higher.

The Pokerenergy site is the official reseller of SharkScope, and by purchasing the program from us, you get the same license as

if you bought it on the developer's site.

Why subscribe to Sharkscope?

Subscribing to Sharkscope is a necessary step for anyone who

is serious about playing tournaments, since it allows researching your rivals while you play. Our services are allowed in all major poker networks.

Just enter the tournament number in the search field and you will get full statistics on all its participants. Keep in mind that bluffing against a

fish will make them calling your bet.

How much is the subscription for Sharkscope?

Sharkscope allows 5 free searches per day. Subscribers get from 150 to

1000 daily searches starting from only \$16 monthly fee. Log in to your

account, read the stats of the player you're interested in and compare the results with

the top players of the leaderboard. Do you want to score the same results? Get the most of single-table tournaments playing high

limit games. Don't miss your chance! Subscribe to Sharkscope now and you will gain

advantage over your opponents.

What is Sharkscope HUD?

Sharkscope HUD uses two unique methods to display the information. The

first one is an icon system where you can decide for yourself which filters to apply for displaying a particular icon. The second method displays the

statistics indicators you are interested in. Whichever method you prefer, you will increase your profit while playing single-table tournaments.

Just knowing that the player raising in early position is a

fish will help you figure out their range and reraise with AOs. But

finding out a shark will be even more useful with Sharkscope HUD. In that case you

will know for sure they would need a good hand for such a switch. By

using our software you will be able to match other players and widen or
