<p>Play Poker Now! Congratulations! You have just begun to download the FREE poker software. If the installation dialog box doesn't appear in a few seconds, please start the FREE poker software download again by clicking on the link below. You can start playing poker online in just a few minutes. Enjoy the most realistic player-to-player poker experience on the Internet! Getting Started Step 1 - Download Select either 'Run' or 'Save' and follow the instructions Step 2 - Install After downloading, go to the location where you saved the installation application, double-click it and follow the instructions. Step 3 - Register Once you have successfully installed the software, you will see the lobby, and the login screen. Click the 'Register' or 'Create Account' button.</p>
<p></p>
<p></p>
<p></p>
<p>Please Note** Even though it reads 'Register Fun Account', you WILL be able to play for REAL money once you make a deposit. Fill in your information and click 'Create'. Write down your User Name and Password and keep it in a safe and secure place, then click 'Continue'. Next - Enter your name and email address to register a Real money account. Step 4 - Play After you've registered SunPoker, you can log in and start playing. Just head to the lobby and pick a table.</p>
